Max Speed Velocità Max	35 kn	Cruising Speed Velocità Crociera	29 kn	Range Autonomia	360 Nm
Cabins Cabine	3	Bathrooms Bagni	2	Displacement Dislocamento	19.00 Tons
Fuel Tanks Serb. Carb.	2000 lt	Water Tanks Serbatoio Acqua	550 lt	Generator Generatore	6.5 kW

GENERAL NOTES

The InCRedible 45 project is the first of the "new generation Rizzardi", a the projects followed by Corrado and Damiano Rizzardi, sons of Gianfranco, founder of the shipyard. The Incredible line follows a different design philosophy, aimed at experimenting and applying innovative technologies. They are means that are addressed to a relatively young public, who has not yet laid down the "weapons" and wants to take away some satisfaction in terms of pure performance.

Owner keen to sell, negotiable !!!
